Education

Sahyadri College of Engineering and Management

Bachelor of Engineering in Computer Science (3rd Year) — CGPA: 9.4

Mangalore, Karnataka

2023 – Present

Projects

Student Result Management System | *Java, MySQL*

November 2025

- Developed a Java-based software system to manage student academic records and result reports.
- Implemented core modules including departments, faculty, courses, students, and marksheets.
- Integrated MySQL for persistent data storage with secure and efficient CRUD operations.
- Developed a user-friendly desktop interface using Java Swing/JavaFX for managing academic data.

Hotel Room Services Billing Management System | *Node.js, Express, MySQL, EJS*

December 2025

- Designed and developed a role-based hotel room service management system to automate guest services and billing operations.
- Implemented a main admin module responsible for generating secure credentials for guests upon room check-in.
- Developed a billing admin module to manage due payments, track service usage, and handle billing records efficiently.
- Integrated end-to-end CRUD operations to manage room services, orders, and billing data using PHP and MySQL.

Wanderlust | *Node.js, Express.js, MongoDB, EJS*

Ongoing

- Developing a full-stack travel listing web application allowing users to explore, add, and manage travel destinations.
- Implementing user authentication, authorization, and CRUD operations using Express.js and MongoDB.
- Designing dynamic server-rendered views using EJS while following MVC architecture.

Technical Skills

Languages: Java, Python, HTML, CSS, JavaScript

Developer Tools: VS Code, Git, GitHub

Technologies / Frameworks: Express.js, React.js, Node.js, MongoDB, MySQL

Certifications & Participation

- Participated in the **GDG on Campus Solution Challenge**, powered by Hack2Skill (Google Developer Groups).
- Completed **Alpha – DSA with Java** course by Apna College.
- completed **Full Stack Development (MERN Stack)** training conducted by Technical Career Education (Dec 2024).
- Earned **Python Foundation Certification** from Infosys Springboard (June 2025).
